

## DECLARATION OF CONFORMITY OF MATERIALS AND OBJECTS INTENDED TO COME INTO CONTACT WITH FOODSTUFFS

Herewith we declare that:

Pizza boxes stated on invoices as 'kraft white, 'kraft brown', 'TBMKB onda B' (middle flute) (they are about sheets of corrugated fibreboard consisting of 3 layers of paper:

- 1 (one) internal paper in direct contact with foodstuffs fully made of %100 vegetal virgin fibre
- 1 (one) intermediate paper called 'onda' (flute) Ticiclata' (Recycled)
- 1 (one) external paper, which generally is printed 'riciclata' (Recycled) are suitable to come into contact with moist and fat foodstuffs class IV and V ONLY and EXCLUSIVELY with the internal paper.

This internal paper is then in conformity with all legislative relevant rules with particular reference to the following EC rule:

- Rule (EC) 1935/2004 *2023/2006 om god fremstillingssædvaner for materialer og genstande bestemt til kontakt med fødevarer*
- and according to the following Italian regulation:
- Ministerial decree 21/3/73 and subsequent amendments and revisions
  - DPR 777/82 and subsequent amendments and revisions

Typology of paper:

Suitable to come into contact with foodstuffs for which some alleged tests of migration are provided for (%100 virgin cellulose fibre)

Therefore we CANNOT certify the conformity of material both for the inter- mediate paper and for the external paper.

Date: May 28, 2019
